

## Understanding The Additional Pilot Program

Early Phase I flight testing is by far the most dangerous hours in an E-AB aircraft's life. Most accidents are a result of a loss of control (LOC), not system failure.

**Directions:** East on General Spaatz, Make first left, cross Bradenton Bypass. Auditorium is down and to the left. Metal single story building.

### A message from the National FAASafetyTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
